

Looking for a gift this holiday season that will support communities, the environment and critically endangered species instead of large corporations?? Why not “adopt a reserve” from Neotropical Primate Conservation and make a difference?

WHY WE NEED YOU:

Over the past three years Neotropical Primate Conservation has been involved in the development of 13 reserves, with more and more communities contacting us for help. The process is a lengthy one, involving social surveys of the communities involved, biological inventories of the plants and animals within the protected area in order to create official government documents classifying these areas as protected.

WHERE YOUR DONATION GOES:

All proceeds from your donation will go directly towards work involved in making a reserve such as:

- Organising expeditions with experts for biological inventories
- Administration costs for registry with the government
- Printing of signs to indicate protected areas
- Maintenance of local tree nurseries for reforestation
- Salaries for forest guards and local guides

WHAT YOU WILL RECEIVE:

For **£25 GBP/\$40 USD/€30 EUR (plus shipping)** you will receive:

- A personalised certificate
- A brochure about your adopted reserve
- A (5x7) glossy photo of the flagship species in your sponsored reserve
- A locally handcrafted keepsake
- An online subscription to our newsletter

Customize your adoption pack by ordering an original t-shirt!

For \$20 with a pack (or \$25 on its own) order an NPC t-shirt.

ALL PROCEEDS GO DIRECTLY TO THE PROJECT AND COMMUNITIES.
